Welcome

St James' C of E Forest Pre-School and Nursery is part of the St James' C of E Primary School family. We offer a forest pre-school and nursery as well as a primary school situated in the heart of the local community, catering for children aged 2-11 years old.

We believe that every child should be treated as an individual and will work together to ensure they are respected, nurtured and reach their full potential. At St James' C of E Forest Pre-School and Nursery, we have embraced the Forest School approach to teaching. This is a child-centred inspirational learning process. It is a long-term program that supports play, exploration and

supported risk taking. It develops confidence and self-esteem through child-inspired, hands-on experiences in a natural setting.

We are blessed with outstanding outdoor grounds for both nursery and reception. Our Forest school 'rewilding' project has inspired our children to develop a deep and meaningful connection to the world and an understanding of how they fit within it.

Our Forest Pre-School and Nursery offers a high quality, structured early years' curriculum. This ensures our children make the best transition to school with strong foundations in early reading

(phonics), writing and maths. The strong blend of educational approaches helps learners develop socially, emotionally, spiritually, physically and intellectually. Our qualified teacher works with families and external support agencies to ensure all individual children's needs are met. At the end of the Pre-School year, our children leave nursery equipped with the skills required for a formal curriculum.
